

We've just gone greener - and you get to see us first! We're officially re-launching on Earth Day tomorrow as the new eco-friendly **Lavish & Lime**, but we wanted to give you an advance sneak preview first.

Our exciting new range of products are **eco-friendly, natural/non-toxic, made in Canada** or all three. They're organized into five categories, including **on the go, body and living**. In **baby & kids** we've added music and art and in **jewelry** a new kid's section. Plus you'll find some great deals in our **sale shop** - just use the code on the sale shop front page. The 'three ticks' label on each product page lets you know why we chose a product at a glance. Finally, look out for our new 'name your price' technology for a more interactive shopping experience.

With so many new eco-friendly items in store, we hope you'll find everything you need to live life a little greener.
